## THE TEST AND THE TEST OF THE TEST AND THE TE

B O S. T O N, May 23.
The deplorable Case of our Eastern Frontiers: as appears from the following Letter the former Part dated. George-Town April 29 1748, the latter-dated May 6.

Dear This is to inform you, that last Sabbath three Men were killed, viz. James Rincaid, who had been captivated near two Years, and who came Home in the French Hag last Summer, one Car, and I think one Ball, at Avery's Garrison at Sheep-scut, and the faid Avery captivated. The Dogs on the Evening of faid Day were very uneasy; And these with two more who escaped, went out to see what was the Matter, and went close to the Indians, and met with the above Fate.

That on Tuesday last, 5 Indians were seen going up a Creek in this Town at high Noon Day, talking and as secure as in

profound Peace.

That on Wednesday Morning the Enemy captivated 2 Men in this Town, viz. Job Philbrook and Samuel Mc Foney within Gunshot of a Garrison: And might have gone into the

Garrison, there not being one Man in it. That Yesterday Morning an Indian Canoe was found within Sight of my Garrison, on the West Side of the River haul'd up. The faid Canoe does not scem to be made more than 3 or 4 Days: For the Sliminess on new peel'd Bark is neither wastied off, nor dried up and is made of Spruce Bark, and the Seams are stopped with Mud: By which we conjecture that there are more Indians come down upon us than they have Canoes to transport them with from Place to Place. May o

This as to Substance I wrote on the above Day, and further informed that many of the Men here were without Arms, and that the Inhabitants that had supplied them, could do it no longer. And at the same Time Capt Mc Cobb wrote to Governor, giving him an Account of the above Damages; the and also that the Weltern and Canada Men, having as they think been unjustly detained here, longer than they trank they ought to be, talk of running away or turning to the Enemy:
And before we got the above Letters finished, the Vessel sail'd
with a fair Wind, and our Attempts of getting them on board
fail'd. On which the Captain sent them Express to the New Meadows, and thence they were convey'd to Capt. Burns at Brunswick: And now viz. May 6, I am inform'd that he with 4 Men were going with said Letters, I suppose to Nequoit, in Order to send them along, was way-laid and he and Man killed, t wounded and taken, 2 only escaping, and the Letters as above are taken, and we dread the Confequence -For my Part, I know not what to fay or dothereof -

We hear that his Majesty has been pleased to appoint Col. Hebson to be Governor and Commander in Chief of the Island

and Fortress of Louisbourg.

ANNAPOLIS, June 29.

We have a current Report, which is faid to have come from Philadelphia, that Admiral Ofborne has taken part of the Margave out that he would cruize there no longer, and accordingly flood off with his whole Squadron; on which the French put out: But that the Admiral flood on again in the Night, met with, and took upwards of Twenty Sail, and was in quest of the reft. This Article we cannot as yet give as a certain Truth, the it is a probable one, but hope we shall soon have it con-
